The Time Jumpers: Jumpin' Time DVD (\$21)

The Time Jumpers are a group of session-musician pros who've been getting together every Monday night for nearly a decade at the world-famous Station Inn in Nashville, Tenn., to lovingly re-create some of their favorite classic Western swing, jazz, blues, cowboy, country and pop classics. Now this two-hour, in-concert DVD will let you romp across the decades as the Jumpers turn back the hands on the musical clock with "Roly Poly," "Sugar Moon," "All of Me," "Cherokee Maiden" and 22 other tunes, plus commentary by country superstar Vince Gill, bluegrass princess Rhonda Vincent and Grand Ole Opry star Jeannie Seely.
